**Detailed Action**

***Claim Objections***

1. Claims 2-31, 33-44 are objected to because of the following informalities: the language used in the preamble and body of the dependent Claims to make the Claim dependent is improper. For instance, in the preamble of Claim 2 it is stated "A peak power regulator according to claim 1..." The peak power regulator has already been established. In order to further limit and describe the SAME peak power regulator, the preamble should say "**THE** peak power regulator according to claim 1..." This convention is used throughout the other dependent Claims. Appropriate correction is required.

***Allowable Subject Matter***

2. Claims 1, 32, 45, and 46 are allowed.

***Conclusion***

3. This application is in condition for allowance except for the following formal matters:  
Please see above objections.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
